Jul. 2008 - Mar. 2014

Education

Universidade Federal do Espírito Santo

PHD IN ECONOMICS

Vitória, Brazil

Jan. 2024 - Present

- Research area: Time Series Econometrics.
- Studied units include Input-Output Analysis, Evaluation of Public Policies, Numerical Linear Algebra, Multivariate Methods for Data Analysis.

Universidade Federal do Espírito Santo

M.Sc IN ECONOMICS

Vitória, Brazil

Jan. 2022 - Dec. 2023

- Thesis: Machine Learning Methods for Optimal Reconciliation of Hierarchical and Grouped Time Series
- Studied units include Advanced Microeconomics, Advanced Macroeconomics, Advanced Econometrics, Time Series Analysis and Economics of Information, Culture and Knowledge.

Instituto Federal do Espírito Santo

B.Sc IN MATHEMATICS

Vitória, Brazil

Fev. 2018 - Dec. 2023

Universidade Federal do Espírito Santo

B.Sc IN ECONOMICS

Vitória, Brazil

Fev. 2007 - Dec. 2013

Software

da Silva Miranda A (2024). *fio: Friendly Input-Output Analysis*. R package version 0.1.2, <https://CRAN.R-project.org/package=fio>.

The *fio* package was written in the context of my PhD, when studying input-output analysis. It uses Rust programming language to speed up linear algebra operations and it's currently the fastest software for input-output analysis.
